

WARRANTY – TERMS AND CONDITIONS

Thanks for your purchase. Please read this document carefully before you use and install your ductless mini split. Keep this document for warranty.

This product has a base limited warranty up to 7 years in compressor and 1 year in electric parts.

If the unit is properly registered online within 60 days after the installation date, an additional warranty (the "Registered Additional Term Warranty") is provided and is valid so long as the original registered owner or his or her spouse ("registered owner") own the home in which the unit was originally installed, for a period up to 12 (twelve) YEARS on compressor and 10 (ten) YEARS in electric parts after the installation date. To register, go to <https://globeunited.us>. Some states and provinces do not allow limitation of warranty coverage to registered owner, so the above limitation may not apply to you. *NOTE - Registering your product does not guarantee the manufacturer's warranty or "Registered Additional Term Warranty" the application thereof. If the registered product does not meet all qualifying factors and/or requirements for standard or extended warranty, or falls within one of the warranty conditions, the warranty will not apply to the equipment and/or your product regardless of the fact that the product is registered.*

CONDITIONS:

1. Where a product is installed in a newly constructed home, the date of installation is the date the original homeowner purchased the home from the builder.
2. If the date of original installation cannot be verified, then the warranty period begins ninety (90) days from the date of product manufacture (as indicated by the model and serial number). Proof of purchase may be required at time of service.
3. The mini split must be installed and serviced at least once a year by a licensed HVAC contractor or an installer approved by Globe United, Inc. or their authorized dealer network. Any Installation made by any unqualified person and/or company or the lack of proof of annual service AUTOMATICALLY CANCELS THIS WARRANTY.

6. Installation, use, care, and maintenance must be normal and in accordance with instructions contained in the Installation Instructions.

Defective parts must be returned to the distributor through a registered servicing dealer for credit.

The replacement of a part under this warranty does not extend the warranty period.

- Labor or other costs incurred for diagnosing, repairing, removing, installing, shipping, servicing, or handling of either defective parts, or replacement parts, or new units.

HOW TO VALIDATE THE WARRANTY

To validate warranty, you must obtain a diagnosis by a licensed HVAC contractor or qualified technician authorized by Globe United, Inc. or their dealer network. Furthermore, you must show this policy with its respective seal or authorized company letterhead as well as the billing receipt from the establishment where you bought the mini split. Report any failure or defect as soon as possible. REMOVAL OF MINI SPLIT BY UNQUALIFIED PERSONNEL AUTOMATICALLY VOIDS WARRANTY.

WHAT COMPANY WILL DO

As the Company's only responsibility and the Purchaser's only remedy under this limited warranty, Company will furnish a replacement part for installation by licensed HVAC service provider, without charge for the part only, to replace any product part that fails due to a manufacturing defect under normal use and maintenance. The Purchaser must pay for any and all shipping and handling charges and other costs of warranty service for the replacement part. If the Product part is not available, the Company will, at its option, provide a free suitable part or provide a credit in the amount of the then factory selling price for a new suitable substitute part to be used by the Purchaser towards the retail purchase price of a new Company product. Any new Product purchase shall be at Purchaser's sole cost and expense including, but not limited to, all shipping, removal, and installation costs and expenses.

ADEQUATE EQUIPMENT

The mini split you chose must cover the designated area. Using a mini split that does not correspond to the area you want to cover will cause problems with the efficiency and will cancel this warranty.
